COLLABORATIVE MARINE RESEARCH AND DEVELOPMENT LTD.

**4829 Maplegrove Street
Victoria, British Columbia
CANADA V8Y 3B9
Phone 250-658-0179**

The following details a selection of the over 520 projects which have been completed in 14 countries by IEC INTERNATIONAL, since inception in 1988. This information has been provided not only to illustrate the scope and variety of projects we have undertaken but also to provide a listing of the current developmental status of specific issues. Additional information may be found on our Corporate Web Site <http://www.ieccorporate.com>

- A Global Review of Depuration Technologies. Prepared for World Fisheries Trust. August, 2008. Confidential.
- Presentation- First International Albacore Tuna Recipe Competition. Presented on behalf of Canadian Highly Migratory Species Foundation. Vancouver, British Columbia. Canada. February, 2008.
-
- Packaging, Label, and Material Regulation in Canada's Seafood Industry- A Market Report. Prepared for Pentlatch Seafoods Ltd. January, 2008. Confidential
- Shellfish Production Marketing and Industry Trends- A Global, National and Regional Review. Prepared for Pentlatch Seafoods Ltd. February, 2008. Confidential.
- Decontamination of Traditional Shellfish Resources - Natural Relay – Access for Food Purposes. Prepared for Kwakiutl First Nation. March, 2008. Confidential.
- Market Report- Oysters- A Global Review. Prepared for Pentlatch Seafoods Ltd. January, 2008. Confidential.
- Market Report- Clams- A Global Review. Prepared for Pentlatch Seafoods Ltd. March, 2008. Confidential.
- Kunechin – Salmon Inlet : Commercial Finfish Aquaculture Application. Prepared for Grieg Seafood (BC) Ltd. 143 pp. COMMERCIALY CONFIDENTIAL.
- MST Identification and Tracking of Marine Bacterial Pollution Impacting the Kwakiutl Community at Fort Rupert, BC. PHASE II. Presented at the First Nation Environmental Contaminants Conference, Federal Ministry of Health. Vancouver, BC. February 13-14, 2007.

<http://www.ieccorporate.com>

- **Aquatic Resource Analysis – 392 and 406 Lazo Road. Prepared for Wedler Engineering. 2008. COMMERCIALY CONFIDENTIAL.**
- **By-catch: Issues and Solutions in the BC Shrimp-By-Trawl Industry. Presented at “A Workshop To Determine Research Priorities For Eulachon. February 20-22, 2007, Richmond, BC.**
- **Marine Habitat Assessment at the Proposed Crushed Rock Loading Station on Texada Island, Strait of Georgia, British Columbia. Prepared for Lehigh Northwest Materials. 2008. COMMERCIALY CONFIDENTIAL.**
- **Operational Waste Monitoring for Finfish Operations of Marine Harvest Ltd. at Glacier Creek – 2007 Peak Biomass. Prepared for Marine Harvest Ltd. 2007 COMMERCIALY CONFIDENTIAL.**
- **Ahlstrom – Jervis Inlet : Commercial Finfish Aquaculture Application. Prepared for Grieg Seafood (BC) Ltd. 2007. COMMERCIALY CONFIDENTIAL.**
- **Operational Waste Monitoring for Finfish Operations of Grieg Seafood (BC) Ltd. at Ahlstrom – 2007 Peak Biomass. Prepared for Grieg Seafood (BC) Ltd. 2007 COMMERCIALY CONFIDENTIAL.**
- **Fish Habitat Program for Potentially Impacted Area within the Courtenay River Estuary of the Tides Property at 1930 and 1950 Cliffe Avenue and 110 19th Street. Prepared for Mission Ventures Inc. 2007. COMMERCIALY CONFIDENTIAL.**
- **Habitat Information Requirements for the Subtidal Geoduck Aquaculture Tenure near Savary Island, Strait of Georgia, British Columbia. Prepared for Manatee Holdings Ltd. 2007. COMMERCIALY CONFIDENTIAL**
- **Amended Baseline Waste Monitoring and DEPOMOD Analysis for the Finfish Operations of Grieg Seafood (BC) Ltd. at Ahlstrom Point, Jervis Inlet. Prepared for Grieg Seafood (BC) Ltd. 2007. COMMERCIALY CONFIDENTIAL.**
- **Private Moorage Application Package : Amendment to Land File #1405071. Prepared for Outlook Land Design Inc. 2007.. COMMERCIALY CONFIDENTIAL**
- **Marine Environmental Assessment of Proposed Boat Launch in Ittatsoo Bay, Newcombe Channel, Vancouver Island. Prepared for Outlook Land Design Inc. 2007. COMMERCIALY CONFIDENTIAL.**
- **Baseline Inventory for Finfish Operations at Bare Bluff –Baseline Monitoring Part II. Prepared for Mainstream Canada Ltd. 2007. COMMERCIALY CONFIDENTIAL.**
- **Utilization of Marine Kelps For the Production Of Organic Fertilizer – In support of the British Columbia’s Agri-Food Industry. Prepared for Kwakiutl Economic Development Corporation. December, 2006.**
- **Operational Waste Monitoring for Finfish Operations of Mainstream Canada Ltd. at Westside – 2007 Prestocking. Prepared for Mainstream Canada Ltd. 7 pp. COMMERCIALY CONFIDENTIAL.**

- Addendum for Operational Waste Monitoring for Finfish Operations of Grieg Seafood (BC) Ltd. at Williamson Passage – 2006 Peak Biomass. Prepared for Grieg Seafood (BC) Ltd. 2006. **COMMERCIALY CONFIDENTIAL.**
- Issues Related to BC-CANADIAN ALBACORE TUNA – Presented at US-Canadian Bi-lateral Treaty Negotiations. Scripts Oceanographic Institute, La Jolla, California. December 5, 2006
- The Production of Organic Fertilizer using local kelp recourses in British Columbia. Presented at First Nations Resource Conference, Fort Rupert, British Columbia, November 15, 2006.
- Microbial Source Tracking- The use of new research tools for the identification and tracking of bacterial pollution sources affecting shellfish culture opportunities. Published- Aquaculture Update # 97, August 2007. Marine Ecosystems and Aquaculture Division, Fisheries and Oceans Canada.
- Microbial Source Tracking- The use of new research tools for the identification and tracking of bacterial pollution sources affecting shellfish culture opportunities. Presentation at Aquaculture Pacific Exchange, Campbell River, BC., September 15th, 2006.
- MST Identification and Tracking of Marine Bacterial Pollution Impacting the Kwakiutl Community of Fort Rupert, BC. Presentation at First Nations Environmental Contaminants Conference. Kamloops, BC. February, 2006.
- The Development and Management of Sustainable Shellfish Fisheries in Baja Sur, Mexico. Presented to Federal Department of Fisheries, La Paz, Mexico, March, 2006.
- Issues Surrounding the Ongoing Development of the BC Albacore Tuna Industry in British Columbia. Presented at the First International BC Albacore Tuna Convention, Cowichan Bay, BC. May, 2006
- Kwakiutl First Nation Environmental Stewardship Initiative – Preliminary Microbial Source Tracking- Third Interim Report. Kawkiutl First Nation, Fort Rupert, BC.. 48 pp. Confidential.
- Kwakiutl First Nation Environmental Stewardship Initiative –Kawkiutl First Nation, Fort Rupert, BC.. Confidential.
- Aquatic Resource Précis of Adjacent Property to the Kingfisher Resort. Prepared for CMC Development Services Inc. **COMMERCIALY CONFIDENTIAL.**
- “BC Albacore Tuna: Wild-Sustainable-Safe-Nutritious”. Canadian Highly Migratory Species Foundation.
- Turn Point, Cortes Island Commercial Shellfish Aquaculture Application. Prepared for Klahoose Development Corporation Ltd. **COMMERCIALY CONFIDENTIAL.**

- **Comox Lake Watershed Assessment Study. A Preliminary Evaluation of Contributing Bacteria in CSRD Pre-Treatment Source Water- Comox-Strathcona Regional District, Courtenay, BC. Confidential.**
- **Habitat Information Requirements of the Proposed Finfish Operation at Minstrel Island, Clio Channel, British Columbia. Prepared for Grieg Seafood (BC) Ltd. COMMERCIALY CONFIDENTIAL.**
- **Issues in BC Shrimp-By-Trawl: Fishery Management & By-Catch-ACTION AND RESULTS. Pacific Coast Shrimpers Cooperative Association.**
- **MST Identification and Tracking of Bacterial Pollution in Comox Harbour, British Columbia. AAC 2005 – Aquaculture Association of Canada, St. John’s, Newfoundland, CANADA.**
- **Canadian Albacore Tuna (Thunnus alalunga) Quality Control Handbook. Prepared for the Canadian Highly Migratory Research Foundation.**
- **A Review of Shellfish Safety Issues – BC Perspective PART I - Shellfish Safety Issues Related to Contamination of Shellfish. For Center for Global Studies-Visiting Thailand Dignitaries. University of Victoria, BC, Canada.**
- **Habitat Information Requirements of the Proposed Finfish Operation near Yorke Island, Sunderland Channel, British Columbia. Prepared for Grieg Seafood (BC) Ltd. COMMERCIALY CONFIDENTIAL.**
- **Clayton, W.E.L., 2005. A Review of Shellfish Safety Issues – BC Perspective PART II- Regulations Related to Contamination of Shellfish in British Columbia. For Center for Global Studies- Visiting Thailand Dignitaries. University of Victoria, BC, Canada.**
- **2005. New Molecular and Genetic Tools for Water Quality Investigation. Presentation to Comox-Strathcona Regional District., Courtenay, British Columbia.**
- **BC Albacore A “Health Check” Product. Newsletter of the Canadian Highly Migratory Species Foundation. Issue #4, December, 2004. Victoria, British Columbia. L. Clayton, Editor.**
- **In Search of New Shellfish Culture Opportunities for British Columbia – Basket Cockle (Clinocardium nutallii). AAC 2005 – Aquaculture Association of Canada, St. John’s, Newfoundland, CANADA.**
- **Canadian Albacore Tuna (Thunnus alalunga) Quality Control Handbook. Prepared for the Canadian Highly Migratory Research Foundation.**
- **General Commercial Application Package : Jervis Inlet Resort & Spa. Prepared for Jervis Inlet Resort & Spa Ltd.**
- **New Molecular and Genetic Tools for Water Quality Investigation. Presentation to Comox-Strathcona Regional District., Courtenay, British Columbia.**
- **BC Albacore A “Health Check” Product. Newsletter of the Canadian Highly Migratory Species Foundation. Issue #4, December, 2004.**

- Yorke Island – Sunderland Channel : Commercial Finfish Aquaculture Application. Prepared for Grieg Seafood (BC) Ltd. **COMMERCIALLY CONFIDENTIAL.**
- Microbial Source Tracking Newsletter. Prepared for Pentlatch Seafood’s Ltd., Comox Indian Band.
- Operational Waste Monitoring for Finfish Operations of Grieg Seafood (BC) Ltd. at Atrevida Point : 2004 Peak Biomass. Prepared for Grieg Seafood (BC) Ltd. **COMMERCIALLY CONFIDENTIAL.**
- Purging, “Processing and Food Services Acceptance of Cultured Cockles in British Columbia. Prepared for Emerald Sea Farms Ltd. **CONFIDENTIAL**
- Inner Squirrel Cove, Cortes Island Commercial Shellfish Aquaculture Application. Prepared for Klahoose Development Corporation Ltd. **COMMERCIALLY CONFIDENTIAL.**
- Operational Waste Monitoring for Finfish Operations of Grieg Seafood (BC) Ltd. at Cliff Cove : 2004 Peak Biomass : Supplemental Sediment Sampling . Prepared for Grieg Seafood (BC) Ltd. **COMMERCIALLY CONFIDENTIAL.**
- Fish Habitat Program for Potentially Impacted Area within the Courtenay River Estuary of the Old House Property at 1800 Riverside Drive. Prepared for Old House Garden Inn. 10 pp. **COMMERCIALLY CONFIDENTIAL.**
- CEEA Reporting Requirements and Marine Foreshore Environmental Assessment of proposed Intertidal Shellfish Operation South of Gartley Point, Baynes Sound. Prepared for the Comox Indian Band. **COMMERCIALLY CONFIDENTIAL.**
- Comments for --CRS document --US Congress Committee on “Offshore Aquaculture” Policy Issues. Expert Peer Review Panel.
- Purging, “Processing and Food Services Acceptance of Cultured Cockles in British Columbia. Prepared for Emerald Sea Farms Ltd.
- Microbial Source Tracking Newsletter. Volume 1 – Issues 1-2, 2004.
- BC ALBACORE TUNA “Platinum QA” – Export QMP Policy and Manual. Prepared for the Canadian Highly Migratory Species Foundation.
- Community Based Mariculture – Corporate Structure Options for Tahsis, BC. Prepared for the Corporation of the Village of Tahsis, Tahsis, British Columbia.
- A Review of International Regulatory Issues Related to Mariculture Tenure. Prepared for The Brazilian Mariculture Linkage Program. Centre for Global Studies, Division of Technology and International Development and Coordenador-Geral de Maricultura of Brasil.
- Cockle Project – Provides Aquaculture Option For British Columbia First Nations. Published in Global Aquaculture Advocate.

- **Shellfish Resource and Management Capacity Development for the Comox Indian Band. Prepared for the Comox Indian Band**
- **MOU Shellfish Sites Under Section 17.1 of the Land Act. Prepared for Klahoose First Nation.**
- **A Strategic Plan For The Development Of Shellfish/Invertebrate Culture In Traditional Hamatla Territory.**
- **CEAA Reporting Requirements and Marine Foreshore Environmental Assessment of Proposed Deepwater Shellfish Operation in Hisnit Inlet (Southeast), Nootka Sound.**
- **Kyuquot/Checlesheht First Nation Corporation –Shellfish Aquaculture Business Plan.**
- **Shellfish Aquaculture Business Plan. Prepared for Comox Indian Band.**
- **Hamatla Treaty Society - Integrated Business Plan for Commercial Shellfish Aquaculture on 5 sites**
- **CEEA Reporting Requirements and Marine Foreshore Environmental Assessment of proposed Intertidal Shellfish Operation South North of Union Point, Baynes Sound**
- **Environmental Assessment of Proposed Finfish Operation Site at New Cliff Cove – Esperanza Inlet : Benthic Habitat Survey, Sediment, Water Quality and Water Circulation.**
- **Opportunities for Cooperation on Technology Innovation - Aquaculture. Presented at Brasil-Canada Science and Technology Roundtable, Sao Paulo, Brazil., November 4-5, 2003. PPT Presentation.**
- **Environmental Assessment of Proposed Finfish Operation Site at New Lutes Site – Esperanza Inlet : Benthic Habitat Survey, Sediment, Water Quality and Water Circulation. Prepared for Grieg Seafood (BC) Ltd.**
- **Environmental Assessment of Proposed Finfish Operation Site at Lutes - Esperanza Inlet : Benthic Habitat Survey, Sediment, Water Quality and Water Circulation.**
- **Environmental Assessment of Proposed Finfish Operation Site at Espinosa Inlet North East – Nootka Sound : Benthic Habitat Survey, Sediment, Water Quality and Water Circulation.**
- **Assessment of Abalone Population at Proposed Finfish Operation Site at Espinosa Inlet West – Nootka Sound.**
- **Water Circulation at Proposed Finfish Operation Site at Muchalat Inlet – North Site, Nootka Sound.**
- **Environmental Assessment of Proposed Finfish Operation Site at Gore Island, Nootka Sound – Baseline Sediment Survey.**

- **Assessment of Abalone Population at Proposed Finfish Operation Site at New Cliff Cove – Esperanza Inlet**
- **Marine Foreshore Environmental Assessment of Proposed Intertidal Shellfish Operation At Comox Marina, Comox Harbour.**
- **Bacterial Source Tracking of Enteric Organisms ***a support document for the Shoal Island Economic Development Initiative***.**
- **Shellfish Safety Issues ***a support document for the Shoal Island Economic Development Initiative**
- **Marine Foreshore Environmental Assessment of Proposed Intertidal Shellfish Operation At Base Flats, Baynes Sound**
- **Meeting the Challenges of Aquaculture Development, Hobart, Australia**
- **Marine Foreshore Environmental Assessment of Proposed Intertidal Shellfish Operation At Kw’ulh, Baynes Sound**
- **British Columbia Shrimp Trawl and Eulachon Conservation**
- **Comox Indian Band- Shellfish Training Program**
- **Extending the Vision- Aquaculture in 2020. Centre for Shellfish Research-Conference.**
- **A Market Assessment of the Live Marine Fish Industry**
- **Assessment of Abalone Population at Proposed Finfish Operation Site at Zuciarde Channel – Nootka Sound.**
- **Shellfish Aquaculture Opportunities For T’Sou-ke Nation- Risk Assessment and Recommendations.**
- **An Evaluation of Niche Market Opportunities for Live and Fresh Marine Fish**
- **First Nation Opportunities in Shellfish Aquaculture – Concerns in Obtaining a Tenure. INAC – WED - MAFF Meeting.**
- **An Evaluation of Niche Market Opportunities for Live and Fresh Marine Fish.**
- **Assessment of Abalone Population at Proposed Finfish Operation Site at New Lutes – Esperanza Inlet**
- **Assessment of Market Opportunities and Research and Development Requirements for Development of a New Prawn Bait from Tuna Processing Waste.**
- **Chair- T’Sou-ke Nation Mariculture Initiative Committee, Sooke, British Columbia.**

- Peer Review – Technological Evaluation of a Proposed Oyster Production Facility in Long Island Sound, Connecticut.
- Shellfish Assessment and Planning Initiative- prepared for The Alliance Tribal Council and Fisheries Renewal, BC. in alliance with the Naut'sa mawt Resources Group Inc.
- A Review of International Shellfish Safety Issues-With Regulatory and Program Recommendations for Santa Catarina, Brazil. Prepared for: Brazilian Mariculture Linkage Program.
- Capacity Development Initiative for shellfish culture for the Alliance Tribal Council, British Columbia
- Marine Foreshore Environmental Assessment of Proposed Intertidal Shellfish Operation At Base Flats, Baynes Sound
- Assessment of Abalone Population at Proposed Finfish Operation Site at Atrevida Point – Nootka Sound.
- Expert Peer Review Panel--CRS document –For US Congress Committee on Seafood Trade Policy Issues, Washington, DC. USA. –
- Environmental Assessment of Proposed Finfish Operation Site at Steamer Point – Esperanza Inlet : Benthic Habitat Survey, Sediment, Water Quality and Water Circulation. Prepared for Grieg Seafood (BC) Ltd.
- ASIA II- Follow up analysis of market potential for oyster products in Asia (Singapore, Taiwan, Hong Kong). For Gigas Growth Systems Inc.
- Shellfish technology transfer to Southern Chile. Private.
- Suggested Areas For Evaluation Pertaining To The Review Of The Regulatory Framework For The Further Development of Aquaculture In The State of Santa Catarina, Brazil- Prepared For EPAGRI-CIRAM- Projecto Piscicultura, Florianopolis/SC, Brazil and The Brazil Mariculture Linkage Program(CIDA) -
- Peer Review - Evaluation of the Commercial Culture of Sea Urchins. For Maine Science and Technology Foundation, Augusta, Maine, USA.
- S
Shellfish Aquaculture Opportunities for the Oweekeno Nation. – Risk Assessment and Recommendations. Prepared for: Oweekeno Fisheries Committee.
- A
Strategic Development Plan for Shellfish Aquaculture in Northern Coastal British Columbia. Prepared for Regional Planning Committee for Shellfish Mariculture, Skeena-Queen Charlotte Regional District, Prince Rupert, British Columbia.
- Alternate Species Opportunities- Aquaculture in BC - "Today and the Future". Presented at The BC First Nations Aquaculture Symposium-

Opportunities and Challenges in Seafood Culture. Kwakiutl Territorial Fisheries Commission.

- **Securing The Future Sustainability of the BC Shrimp-By-Trawl Fishery through Evaluation of Bycatch Reduction Technologies (A Fisheries Renewal BC-PCSCA Initiative). Prepared for: Pacific Coast Shrimper's Cooperative Association.**
- **Penelakut Cockle Project - An examination of the feasibility of utilization of the native cockle as a possible candidate for aquaculture in BC. (A Fisheries Renewal BC-Penelakut Tribe Initiative). Prepared for: Penelakut Tribe. 19 pages.**
- **West Coast Shellfish Management Co-operative (WCSMC)– Business Plan. Prepared for: WCSMC. CONFIDENTIAL**
- **Environmental Assessment of Proposed Finfish Operation Site in Hecate Channel - Esperanza Inlet : Benthic Habitat Survey, Sediment, Water Quality and Water Circulation.**
- **Baseline habitat assessment of slough located within Manatee Holdings Limited property at Gartley Point. Prepared for Manatee Holdings Limited.**
- **Five year experimental Geoduck culture pilot project : Final Technical Report. Prepared for Manatee Holdings Limited and Fan Seafoods Limited.**
- **Japanese scallop (*Patinoplectin yessoensis*) growout investigations. Prepared for Ministry of Agriculture and Fisheries.**
- **Supplementary report on the Harvest of Study Plots-- A biological Assessment of Culturing the Manila clam in British Columbia. Prepared for British Columbia Ministry of Agriculture, Fisheries and Food, Agriculture and Commercial Fisheries Branch, Courtenay, BC**
- **Preliminary Review of the Fisheries and Aquaculture status in British Columbia of: Scallops, Geoducks, Sea Cucumbers, Sea Urchins. Prepared for the Alliance Tribal Council.**
- **Geoduck Aquaculture in British Columbia- a Business Plan. Prepared for Fan Seafoods Ltd., Courtenay, British Columbia, CANADA.**
- **A preliminary plan for the redevelopment of the commercial geoduck clam *Panope generosa*) industry in British Columbia. Prepared for Seafloor Enhancement Aquaculture Research Society (S.E.A.R.).**
- **Facilitation of Quota Development for depurated Manila clams for the Halalt First Nation.**
- **Development of Quota Facilitation and Proceedings of the British Columbia Manila clam culture workshop: Parksville, British Columbia For the BC Ministry of Agriculture and Fisheries.**

- **Scientific Monitoring, Assessment, and Facilitation in the BC Shrimp-by-Trawl industry. Prepared for the Pacific Coast Shrimper's Cooperative Association (PCSCA) for Fisheries Renewal of British Columbia.**
- **Site Evaluation and Monitoring- Shellfish Aquaculture Development- San Francisco Bay, Mexico.**
- **Tour of Sea Cucumber Hatchery and Growout Facilities- Mainland China. Private-**
- **New Fisheries Development for the Mackerel Species in British Columbia- An Industry Diversification Initiative. Prepared for Pacific Coast Mackerel Cooperative Association for FRBC. - Completed.**
- **Troubleshooting- Shellfish Aquaculture Mortalities- San Quintine, Mexico.**
- **A preliminary feasibility and development plan for the commercial pelagic longline fishery on sharks, albacore and Pomfret. Report to the Pelagic Fisheries Longline Cooperative Association.**
- **An Action Plan for the Further Development of Black Cod Aquaculture in British Columbia. Pacific Coast Black Cod Fisherman's Association.**
- **New Fisheries Development for the Mackerel Species in British Columbia- An Industry Diversification Initiative. Prepared for Pacific Coast Mackerel Cooperative Association for FRBC.**
- **Evaluation of artificial lures as bait replacement for the British Columbia dogfish fishery. Report to the Pelagic Fisheries Longline Cooperative Association.**
- **British Columbia Dogfish Fishery Quality Control and Product Development Initiative. BC Dogfish Association Completed.**
- **The utilization of bleeding and leaching in the production of food quality rock salmon (Dogfish) in British Columbia. Prepared for Gov' BC.**
- **Potential for the development of a commercial freshwater coarse fish fishery in British Columbia. for Aquaculture and Commercial Fisheries Branch, Ministry of Agriculture, Fisheries and Food. - Completed.**
- **Strategy for the Optimization of the Green Urchin Dive Fishery in British Columbia. Prepared for the West Coast Green Urchin Association (WCGUA).**
- **An evaluation of bleeding gillnet caught salmon. Draft Prepared for The BC Salmon Marketing Council.**
- **Technical development of a large shark tagging program. Report to the Pelagic Fisheries Longline Cooperative Association.**
- **Strategy for the further development of a commercial squid food fishery for British Columbia. Prepared for Aquaculture and Commercial Fisheries Branch, Ministry of Agriculture, Fisheries and Food.**

- **Assessment of imported processing technologies on the marketability of pelagic shark species. Prepared for Pelagic Fisheries Longline Cooperative Association (PFLCA).**
- **International review of regulations pertaining to quality and safety concerns of shellfish. Report to the British Columbia Aquaculture Research and Development Council.**
- **Assessment of imported processing technologies on the marketability of pelagic shark species. Phase 1 : Market Identification. Prepared for Science Council of British Columbia.**
- **Aquaculture commodity development strategy : under-utilized species. Aquaculture Association of British Columbia for the Ministry of Agriculture and Fisheries. Completed.**
- **Prawn Fishery Gear Conflicts of Saanich Inlet- Option Identification and Evaluation. Department of Fisheries and Oceans. July 8, 1999. Brentwood Bay, British Columbia. For Canadian Minister of Fisheries, Ottawa, Ontario, Canada.**
- **Hosting of an International Conference on bycatch in the Shrimp-by-Trawl Fishery. Parksville, British Columbia, Canada. For Pacific Coast Shrimpers Cooperative Association (PCSCA)**
- **Market Assessment of Live Hold Sablefish. Prepared for Legacy Fish Products Ltd. and National Research Council. West Vancouver, British Columbia. Canada. CONFIDENTIAL.**
- **Mollusc Aquaculture Section of the Aquaculture Course at the Bamfield Marine Station. Bamfield, British Columbia. For University of Victoria, BC.**
- **Development initiative for a diversified shellfish hatchery and geoduck culture in British Columbia. Prepared for FAN Seafoods Ltd.**
- **Evaluation of artificial lures as bait replacement for the British Columbia dogfish fishery. Report to the Pelagic Fisheries Longline Cooperative Association.**
- **A manual for producing oyster seed by remote setting. Ministry of Agriculture and Fisheries, Victoria, BC. Canada.**
- **Facilitation and Proceedings of the British Columbia Manila clam culture workshop: Parksville, British Columbia For the BC Ministry of Agriculture and Fisheries.**
- **New Fisheries Development for the Mackerel Species in British Columbia- An Industry Diversification Initiative. Prepared for Pacific Coast Mackerel Cooperative Association for Fisheries Renewal BC., Vancouver, BC, Canada.**

- Proceedings of the coastal inshore fisheries management conference. Fort Rupert October 29-31, 1992. Prepared for the Kwakiutal Indian Band and The Port Hardy Marine Resource Management Society.
- An Action Plan for the Further Development of Black Cod Aquaculture in British Columbia. Pacific Coast Black Cod Fisherman's Association. CONFIDENTIAL.
- A Guide to the Drying/Curing of Fish Products in British Columbia - A Developing Industry. Aquaculture and Commercial Fisheries Branch, Ministry of Fisheries, Victoria, BC.
- West Coast Lobster Aquaculture- a Business Plan. Prepared for Maritimewest Seafarms Inc.
- A British Columbia Dogfish Fishery Quality Control and Product Development Initiative. For the British Columbia Dogfish Association.
- Analysis of Market Potential for Gigas Growth Systems Inc., Oyster Products in Asia.
- Preliminary Review of the Fisheries and Aquaculture status in British Columbia of: Scallops, Geoducks, Sea Cucumbers, Sea Urchins. Prepared for the Alliance Tribal Council.
- The utilization of bleeding and leaching in the production of food quality rock salmon(Dogfish) in British Columbia. Prepared for the British Columbia Ministry of Agriculture and Commercial Fisheries Branch, Victoria, BC
- A preliminary evaluation of the potential for the development of a commercial freshwater coarse fish fishery in British Columbia. For Aquaculture and Commercial Fisheries Branch, Ministry of Agriculture, Fisheries and Food.
- A preliminary strategy for the further development of a commercial squid food fishery for British Columbia. for Aquaculture and Commercial Fisheries Branch, Ministry of Agriculture, Fisheries and Food.
- An assessment of imported processing technologies on the marketability of pelagic shark species. Prepared for Pelagic Fisheries Longline Cooperative Association PFLCA) and Submitted to Science Council, of BC Market Assessment of Research Technology MART).
- A preliminary plan for strategy for the rebuilding and co-management of Northern Abalone Stocks in British Columbia. Prepared for West Coast Abalone Harvesters Association (WCAHA), Prince Rupert, British Columbia.
- A preliminary plan for the redevelopment of the commercial geoduck clam Panope generosa) industry in British Columbia. Prepared for Seafloor Enhancement Aquacultural Research Society (S.E.A.R.).

- The evaluation of a productive and cost effective trap for the harvesting of the giant pacific octopus (*Octopus dofleini*). Prepared for Nordly's Diving Limited, Souintula, BC and Submitted to Technology Assistance Program (TAP), BC Ministry of Advanced Education, Training and Technology.
- Marishell Market Survey/Sea Fare International, Las Vegas, Nevada. USA February 11-14, 1992. For Marishell Products Limited.
- A preliminary development plan for the commercial food fishery of the Giant Pacific Octopus (*Octopus dofleini*). Report to the O.C.T.O. Pacific Octopus Development Association.
- Omega-3s and Aquaculture Aquaculture Association of British Columbia Newsletter No 8(1):13-14.
- An evaluation of the Ministry of Aquaculture and Commercial Fisheries marine shellfish farm development plan : procedures, deficiencies and recommendations.
- An international review of regulations pertaining to quality and safety concerns of shellfish. Report to the British Columbia Aquaculture Research and Development Council
- A proposal for the expansion of existing shellfish culture activities in Comox Harbour, British Columbia. Prepared for Fanny Bay Oyster Company, Union Bay, British Columbia. Canada.
- An assessment of imported processing technologies on the marketability of pelagic shark species. Phase 1 :Market Identification. Report to Science Council of British Columbia, Market Assessment of Research Technology (M.A.R.T.)
- An evaluation of the Ministry of Aquaculture and Commercial Fisheries Marine Fish Farm Development Plan: procedures, deficiencies and recommendations.
- Belons in BC. Prepared for Aquaculture Association of British Columbia Newsletter No 7(4):3-5.
- The culture of sea urchins. Prepared for Aquaculture Association of British Columbia Newsletter. No 7(3):17-18.
- The European oyster in BC Prepared for Aquaculture Association of British Columbia Newsletter. No 7(1):11-12.
- British Columbia aquaculture commodity development strategy : under-utilized species. Reported to Aquaculture Association of British Columbia for the Ministry of Agriculture and Fisheries.
- Exceptional marine blooms and their effect on fisheries and aquaculture in British Columbia: transcribed proceedings. Bamfield Marine Station, WCUMBS.

- **Directory of aquatic resource scientists in Alberta and British Columbia. Bamfield Marine Station, WCUMBS**
- **EDITOR/FOUNDER of the BC Shellfish Mariculture Newsletter. Marine Resources Branch, Ministry of Environment. Volumes, 1-6.**
- **A pilot study to determine the technical feasibility of using pressurized steam to cause meat/shell separation in the Pacific oyster *Crassostrea gigas*. Federal Department of Regional Industrial Expansion.**
- **Industry utilization of eyed larvae setting systems in British Columbia. Presented at World Mariculture Society Meeting. Vancouver, British Columbia.**
- **Stake culture of the Pacific oyster (*Crassostrea gigas*) in British Columbia. Presented at the National Shellfisherie's Association Meeting. Williamsburg, Virginia.**
- **Kelp inventories: Vancouver Island and Queen Charlotte Islands from 1976-1980 Prepared for British Columbia Marine Resources Branch.**
- **Strategy for the Optimization of the Green Urchin Dive Fishery in British Columbia. Prepared for the West Coast Green Urchin Association (WCGUA).**
- **Japanese scallop (*Patinoplectin yessoensis*) growout investigations. Prepared for Ministry of Agriculture and Fisheries.**
- **An evaluation of bleeding gillnet caught salmon. Prepared for The BC Salmon Marketing Council, Vancouver, BC. Canada.**
- **Technical development of a large shark tagging program. Report to the Pelagic Fisheries Longline Cooperative Association.**
- **Preliminary review of the fishery and aquaculture status in British Columbia of: scallops, geoducks, sea cucumbers, sea urchins. Prepared for the Alliance Tribal Council, Vancouver, BC**
- **Supplementary report on the Harvest of Study Plots-- A biological Assessment of Culturing the Manila clam in British Columbia. Prepared for British Columbia Ministry of Agriculture, Fisheries and Food, Agriculture and Commercial Fisheries Branch, Courtenay, BC**
- **Survey of the distribution and abundance of Denman Island Disease in cultured oysters (*Crassostrea gigas*). Prepared for British Columbia Ministry of Agriculture, Fisheries and Food, Agriculture and Commercial Fisheries Branch, Courtenay.**
- **Kelp inventory 1988, Juan de Fuca Strait. Prepared for British Columbia Fisheries Development.**
